Subject: Certificate Service for Former Students

Dear Esteemed Former Students,

We hope this message finds you well and thriving in your respective endeavors. At Maqbool Courses Institute, we greatly value our former students, and we are constantly striving to enhance the support and services we offer to our cherished community.

We understand the importance of certificates in your professional and personal journeys, we are thrilled to announce the launch of a special service tailored exclusively for our former students. Effective immediately, all former students of Maqbool Courses Institute can now obtain certificates.

Certificate fee structure will be as follows:

- The first certificate price 500 rupees.
- For each additional certificate requested by the same student, the fee will be reduced to 200 rupees per certificate.
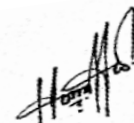

This means that for every certificate you request beyond the first one, you will only be charged 200 rupees each. This change is intended to make multiple certificate requests more affordable for our students.

To get the certificate download the application form with the Title "*Certificate issuance application form*" from the Maqbool Courses Institute official site or Click Here to download , take the print out of the form, fill it with the required information and submit it in the Institute with fee.
